Pros and Cons of Social Networking

Pros

- Stay in touch with family and friends.
- Share photos from holidays or special occasions.
- Share research information e.g. work on projects together.
- Discuss or share interests

Cons

- Posting inappropriate content.
- Too much information shared, if privacy settings not tight enough.
- Cyberbullying

General eSafety Rules

- Never share personal information online
- Always tell someone if anything makes you uncomfortable (parent, teacher)
- Think before you post
- Never meet someone you have met online
- Should you really be using that app?
- Don't open emails from people you don't know

Be smart on the internet

S

SAFE

Keep safe by being careful not to give out personal information – such as your full name, email address, phone number, home address, photos or school name – to people you are chatting with online.

M

MEETING

Meeting someone you have only been in touch with online can be dangerous. Only do so with your parents' or carers' permission and even then only when they can be present.

A

ACCEPTING

Accepting emails, IM messages, or opening files, pictures or texts from people you don't know or trust can lead to problems – they may contain viruses or nasty messages!

R

RELIABLE

Information you find on the internet may not be true, or someone online may be lying about who they are.

T

TELL

Tell your parent, carer or a trusted adult if someone or something makes you feel uncomfortable or worried, or if you or someone you know is being bullied online.

You can report online abuse to the police at www.thinkuknow.co.uk
